

Snap a Wilsnap

—and smile confidently. When Wilsnaps snap together they mean business! They stay snapped until your finger tips command "loosen." Then, and then only, does the Wilsnap spring release.

Which means snap fastener comfort, doesn't it?

And are Wilsnaps rust proof? Certainly! And do Wilsnaps come in all sizes for all weights of fabrics? Assuredly!

Wilsnaps—always will snap—wherever snap fasteners are used.

"Standard" SPATS

Unless they fit with glove-like snugness, spats mar rather than complete the costume, and detract from the charm of the feminine foot.

The "Trimline" and "Boot Top," two leading "Standard" Spats, cling to the ankle with "tailored-to-order" snugness.

Made in the exclusive "Rau-lex" fabrics—cloth, silk, satin and linen. White and all fashionable shades.

Ask for "Standard" Spats at the better shops. The "Standard" stamp inside the spat assures faultless fit and longest wear.
